## Crude Selenium

### Standard:

ST TOO 110440001807-003-2012

### Description

Crude Selenium is produced in the precious metal units of copper-melting factories, where Selenium is caught and then extracted. The product is fine-dispersed, moisture-laden, pelletized and is black (dark-grey) in colour, with no smell and with metal inclusions. Chemical composition: contains 80-90% Selenium (in dry product).

### Other

Packaging – "Big-Bags" or a soft single-use container.

Transportation – by auto transport or by railway in closed wagons or containers.

Typical assay
